# SIRIUM 4000ABT

## Smart Soundbar „Sirium4000ABT“

### PREMIUM SOUND FOR YOUR HOME CINEMA

More than just a soundbar. Thanks to the latest technology, the Hama 'SIRIUM4000ABT' smart soundbar offers unrivalled sound quality. It comes with a powerful wireless subwoofer that delivers a breathtaking TV experience. Live concerts, spectacular series, thrilling films. There are moments when you should not be without a fat bass. Experience your favourite music in all its sound details. Dolby 2.1 makes it possible. And thanks to integrated Bluetooth® technology, you can also play your favourite music wirelessly through the speaker. Furthermore, the high-quality materials ensure a captivating appearance that is every bit as good as the sound experience. A slim design and a perfectly harmonised form language make the soundbar a real highlight in your living room. The special feature of the SIRIUM4000ABT: Besides delivering excellent sound, it also comes with Amazon Alexa.

### Spotify Connect – unlimited musical enjoyment

With Spotify Connect you can enjoy music wherever you like. Smartphone, PC and in future also directly via your soundbar – when changing the player music starts exactly at the place where you stopped it before. Millions of songs and always the most current hit lists at the touch of a button – this is Spotify Connect!

### Amazon Alexa voice control on board

The Hama 'SIRIUM4000ABT' soundbar connects to the cloud-based Alexa Voice Service to play back music, set alarms and timers, make calls, call up the weather, the calendar, the traffic situation and sports results, manage the shopping list, or to just ask questions or control compatible smart home devices. Simply ask for a song, artist or genre from Amazon Music, Spotify, TuneIn and other services. Furthermore, audio books, radio stations, the news and much more can be played. Make calls and send messages to others who have a device with Amazon Alexa. Or quickly connect to other Alexa-enabled devices in your home using just your voice.

### Bluetooth streaming – music transmission from a smartphone or tablet PC

There is a super wide choice but there is nothing like your own music. Thanks to Bluetooth you can stream your favourite songs quickly and easily from your smartphone, tablet, notebook or PC to the soundbar. Simply pair the soundbar and your device and enjoy your favourite music!

### Line In – further connection possibilities

You can very easily connect your TV using the available connections: RCA, Aux-In, coaxial or the Toslink digital optical input. Other devices can be connected to the Hama SIRIUM-4000ABT just as quickly and easily. The playback of USB storage media is also very straightforward: Simply plug in your USB stick and play your favourite songs.
